If the UK was involved in the Russia dossier scam (Steele), and the Australians as well, then it's not a stretch to imagine Italy would be involved in hurting America somehow - they're not exactly paragons of accountable, moral governance. Ungrateful assholes. Oh well, we shall save them all again, this time from globalism.

Is this why UK just went into lockdown level 11. When the Brits find out their govt was involved in fraud, some might get a little smashy

It is starting to sound like a lot of the pedophile elite may be true. I could see Boris being buddies with Epstein, who knows how many members of parliament, Lords , etc are also on the lists and in the videos.

Oh hey Andy, how's things

That's a rabbit hole I can tell you from experience that will be both very difficult mentally to accept but ultimately will strengthen your resolve.

It's 100% true. Tunnels made in the 1700-1800s above homes in DC today owned by Alfaintes & David Brock, both supposed ex lovers of Podesta to Adrenochrome to the highest govt officials involved in kidnapping, rape, brainwashing m, murder and more.

I use the GNU Icecat browser and I can't ever pass those checks. Right now I'm logged in on Brave so I can view this glorious site. No other Cloudflare page with DDOS protection does that to me except this one. Anywhere I can file bug reports to the dev team?

This only happens on Chrome for me.

Brave Browser all day.

Bros. I'm black-pilling hard. Help. Cocaine Bitch cost us the GA races, according to exit polls the deciding factor was the stimmy checks. All is lost. They'll pack the courts. They'll take our guns. Help. Help. Hold your family close. FUCK.

Our backs are now against the wall. Tomorrow is EVERYTHING.

Then hold the line until tomorrow. And if you can't do that at least shut up until tomorrow.

Exit polls are pure propaganda. Literally. There's no point to them now that we have ongoing totals, except to skew the vote for the rest of the day and to push narratives.

Assuming you're actually a person. Your comment follows the skill formula: Establish that you're part of the community. Ask a question / request help. Declare hopelessness. Inject specific political issue.

Checked your post history, you seem legit. Shit's rough, but hold out another day before blackpilling.
